CERTIFICATE OF MAILING UNDER 37 C.F.R. § 1.8(a)(1)(i)(A)

I hereby certify that this correspondence (along with any referred to as being attached or enclosed) is, on the date shown below, being deposited with the U.S. Postal Service with sufficient postage as first class mail in an envelope addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

Dated: June 13, 2006

Dear Madam:

The citations listed below, copies attached, may be material to the examination of the above-identified application, and are therefore submitted in compliance with the duty of disclosure defined in 37 C.F.R. § 1.56 and § 1.97. The Examiner is requested to make these citations of official record in this application.

The following printed publications were cited in the Partial European Search Report of a related application (EP 01 91 2787):

- WO 99/50392 of Gaeta et al., "Methods and compositions for eliciting an immune response to a telomerase antigen (October 7, 1999);
- WO 00/02581 of Gaudernack et al., "Antigenic peptides derived from telomerase," (January 20, 2000);
- WO 00/61766 of Agrawal et al., "Telomerase-specific cancer vaccine," (October 19, 2000);

- Vonderheide *et al.*, "Search for universal tumor antigens: Potential of the catalytic telomerase subunit," *Blood*, 92(10Supp):500A, abstract# 2058 (November 15, 1998); and
- Vonderheide et al., "Generation of telomerase-specific HLA-A3-restricted cytotoxic T lymphocytes from patient blood: Implications for widely applicable anti-cancer immunotherapy," Blood, 94(10Supp):677A, abstract #2999 (November 15, 1999).

This Information Disclosure Statement under 37 C.F.R. § 1.56 and § 1.97 is not to be construed as a representation that a search has been made, that additional information material to the examination of this application does not exist, or that any one or more of these citations constitutes prior art.

Dated: June 13, 2006
